Dear friends,

I am sure you know about the net of "friendship communes" (vänorter) linking places in the northern countries together, and that Järvenpää and Täby are each other's partners in that respect. That is why our club now is seeking a contact with you.

Our radio club, comprising some 175 members, has finally got a club house of its own. On May 16 (a Saturday) we intend to have the house declared opened by some VIP from the commune board in the presence of - as we hope - much "ordinary people" and the local newspapers.

And why not combine the celebration with radio contacts with our friendship commune in Finland, Järvenpää? The idea arose at a TSA board meeting yesterday, and now we ask you if it would be possible to arrange a QSO with (someone in) your club at 1230 UT (1430 Finnish normal time and Swedish summer time) on Saturday May 16?

We will be glad to hear from you either by mail to the above address or on 3690 \pm QRM on Sunday May 3 or Sunday May 10, in the latter case the callsign in this end being either the club signal ~~SK/MT~~ or my own, SM5IQ.

We enclose the latest copy of our club paper.

73s and all the best to you from Täby Sändaramatörer

Alf Lindgren, SM5IQ
